

# Spring Has Arrived!!!

Spring has indeed arrived and with it comes spring cleaning. As a result, it is time to clean-up the backyards of:

1. Any left-over debris from the fall/winter. Such as garbage, flying newspapers etc., and
2. Dog or cat feces. With the warm weather approaching the odour becomes unpleasant.

Please note that all garbage/feces should be stored in the backyard in a container with an antianimal or locking lid.

Thank you for your co-operation in keeping our property looking the best that it can.
